Have Waste Build-Up							Primary		
Have Smelly Water					Secondary		Primary		
Regular Maintenance	Secondary		Primary	Secondary		Primary	Primary		

Primary Product Choice 

Second or Follow-Up Product Choice 

NOTE: Do not use two or more bacterial-based products on the same day. Allow at least 24 hours before adding another bacteria product. For best results turn-off your skimmer, UV and ozone for a few hours after adding our products but turn on ASAP if water becomes cloudy.
